

Application of High Cube Surcharge – Fiji to Vanuatu trade

31st January 2018

Dear Valued Customers,

Increased requirement for High Cube containers has a direct impact on the availability of space on our Fiji to Vanuatu trade.

Special equipment such as High Cubes, are in shorter supply than standard equipment & more expensive to integrate and operate within the container fleet.

In line with the High Cube surcharges applicable from New Zealand and Australia to these destinations, we will be re-introducing & applying the High Cube surcharge on cargo loading in Fiji to these destinations from the Southern Moana V316, scheduled to be calling Lautoka & Suva in the third week of March.

Shipments from Fiji to Port Vila & Santo will attract a High Cube surcharge of US\$ 150 / 300 per 20 / 40' container.

Thank you for your continued support.

Yours sincerely,
Pacific Direct Line
