

Bunker Adjustment Factor (BAF) review
NZ to Fiji Trade

02nd February 2018

Dear Valued Customers,

We wish to advise all customers of an adjustment to our current BAF on the New Zealand to Fiji service.

The changes reflect movements in the price of ships' bunker fuels. Fuel prices have increased by approximately 13.5% since our last review and the prices continue to rise.

Our current northbound Baf is US\$ 284 per teu on this trade and the increases in fuel prices support an increase of US\$ 38 in Baf and so a revised Baf level of US\$ 322 per teu northbound from New Zealand to Fiji and US\$ 148 per teu southbound from Fiji to New Zealand. Break bulk Baf will be revised at US\$ 14 per revenue tonne Northbound and US\$ 8 per revenue tonne Southbound.

The new BAF will come into effect from the 01/03/18 and therefore be applicable from the Capitaine Tasman V87 loading Tauranga on the 02-03/03.

Thank you for your continued support.

Yours sincerely,
Pacific Direct Line
