

Container Cleaning Surcharge – NZ to Apia

14th May 2015

Dear Valued Customers,

Due to a failed audit conducted by the New Zealand Ministry of Primary Industries (MPI) on the status of the zones on the port of Apia which are used to receive and store shipping equipment that have been processed by the Sea Container Hygiene System (SCHS), the costs associated with the repositioning of empty equipment back from Apia into New Zealand will be significantly increased.

It is with regret that we will be introducing a Container Cleaning Surcharge of NZ\$ 55 per 20' and NZ\$ 110 per 40' for all shipments loading in New Zealand for destination Apia to offset this increase in operating expense.

For LCL & Break-bulk, which are also containerised on this trade, the surcharge will be NZ\$ 2 per Revenue Tonne.

This surcharge will be applicable from Southern Lily V357, loading Auckland on the 27-28th of May.

We will continue to monitor the situation and make future amends when the situation has improved.

Thank you for your continued support.

Yours sincerely,

Pacific Direct Line
