

Delays to the Cook Island service

13th February 2018

Dear Valued Customers,

The weather conditions in the region, surrounding Tropical Cyclone Gita, have caused the **Liloa II V017** to change her port call sequence. Having arrived in Vavau, she will need to return to Niue and then Nuku'alofa to complete her voyage. The impact on schedule is estimated to be a delay of 4 days.

MV **Imua II V051** had completed her scheduled dry-docking, surveys and programmed repairs and maintenance. The vessel departed Auckland on the 10th February as per schedule, but had to return as she encountered main engine issues and required some further tests to be run. The impact on schedule is expected to be a delay of 4 days.

We will continue to monitor the situation and revert with the amended schedule as soon as possible.

Thank you for your continued support.

Yours sincerely,
Pacific Direct Line
