

Next sailing to Christmas Island (Kiritimati)

04th February 2016

Dear Valued Customers,

With the Southern Phoenix requiring some repairs to her engine, it has been decided that her next scheduled dry docking be brought forward so that these repairs can be completed at the same time. She is expected to be back in service in April.

In order to maintain the frequency of service that we intend to provide to our customers in Christmas Island, the Tiare Moana will be used as a substitute for the next voyage. We will centralise all cargo for Christmas Island to Auckland at our cost and all cargo will be loaded in Auckland.

For cargo bookings already on the water, we will advise you individually of the future movements of your cargo to connect with this next sailing.

Vessel	Voyage	Auckland	Rarotonga	Aitutaki	Christmas
Tiare Moana	49	17-18/03	25-26/03	27-28/03	03-05/04
Tiare Moana	50	16-17/04	24-25/04	26-26/04	-

Thank you for your continued support.

Yours sincerely
