

Reduced 20'HC availability

28th May 2020

Dear Valued Customers,

The impact to supply-chains over the past weeks as a result of covid-19 related restrictions has created immobilisation and shortage of certain equipment types with cargo owners having reduced ability to access, handle and distribute their goods.

As a result, with effect from 01st June 2020 we will suspend the release of 20'dry High Cube equipment for the following destinations:

Federated States of Micronesia
Funafuti
Kiritimati
Marshall Islands
Papeete
Wallis & Futuna

40'dry High Cube equipment and all other equipment types will continue to be available for supply.

Thank you for your continued support.

Yours sincerely,

Pacific Direct Line
