

**6th Notice -MV Southern Phoenix –Incident en route to
Christmas Island (Kiritimati)**

01st December 2015

Dear Valued Customers,

Following our 5th notice regarding the situation with the Southern Phoenix engine failure en route to Christmas Islands on the 30th of November, we are able to provide the following update.

The Southern Phoenix arrived a Christmas Island this morning at 0748hrs. As is often the case there, swells are preventing us from berthing and discharging & we expect to make another attempt tomorrow morning if the situation does not improve later today.

We will provide an update again once she has been able to commence discharge.

For more information, please contact our nearest office or agent.
