

TRADE SINGLE WINDOW – OUTWARD CLEARANCE REPORTS

29th June 2018

Dear Valued Customers,

From 1 July 2018, shipping lines are required to lodge their Outward Clearance Reports for the vessel through the new Trade Single Window. This is a system that combines Customs and Bio Security requirements so all clearances are lodged via a single system.

One fundamental change, is that we are required to provide one clearance number per bill of lading. In the event that there is more than one CEDO for cargo covered on a single bill of lading, then a clearance must be completed consolidating the clearances numbers under one outward clearance.

From next week we will need to get one CEDO number per booking / bill in order to complete our Outward Clearance for the vessel. If required, Pacific Direct Line can assist with this for a fee of \$50 per Outward clearance.

If you have any queries regarding this please don't hesitate to contact us.

Thank you for your continued support.

Yours sincerely,
Pacific Direct Line
