

Business Continuity Program - Fiji

22nd April 2021

Dear Valued Customers & Partners,

Some of you may be aware that the Prime Minister of Fiji has confirmed there are active cases of COVID-19 in the Fijian community. The Fijian Government has put Lautoka and Nadi into a 14-day isolation, restricting entry in and out of these areas and restricting unnecessary movement within the community. Whilst our business remains committed to keeping the supply chain open with minimal disruption to our customers, our priority is to ensure the safety of our employees.

Our depots, agencies, warehouses and ports in Suva and Lautoka will remain operational, however office-based employees are transitioning to work remotely. During this transitional period there may be intermittent disruptions and delays in response times. We will continue to closely monitor this situation and provide updates as required.

We ask for your understanding and support of our Fijian team during this time.

Thank you for your continued support.

Yours sincerely,

NPD L
