

Capitaine Wallis survey requirements – schedule delay

22nd January 2021

Dear Valued Customers,

Capitaine Wallis requires survey work which we cannot delay any further than we already have. Under normal circumstances we would arrange for the necessary surveyors to attend the vessel in Fiji, but in these exceptional times it is not possible to arrange such flights in/out and so the vessel must go to Auckland for the purpose of completing these surveys before mid-February.

As a result, Capitaine Wallis will sail directly to Auckland upon completion of V366, complete surveys, and then sail back to Fiji to resume service.

To minimize delays to the **Vanuatu** market, **Capitaine Quiros voyage 93 will call Port Vila and Santo** as per schedule below.

Vessel	CAPITAINE QUIROS	
Voyage	93	
	ETA	ETD
Suva, FJ	5-Feb	7-Feb
Lautoka, FJ	8-Feb	9-Feb
Port Vila, VU	12-Feb	13-Feb
Santo Luganville, VU	15-Feb	16-Feb

Thank you for your understanding & continued support.

Yours sincerely,

NPDL
