East Pacific Network Update

Dear Valued Customers,

As we mentioned in our note of May 13th, the shipping industry and NPDL have been and continue to be faced with a variety of unprecedented and escalating challenges exacerbated by rapidly increasing costs. These challenges mean that in the current operating environment, delivery of regular services require a level of agility in terms of vessel and capacity deployment that is also unprecedented. We are well aware that these changes impact your supply chains and our team continues to work hard to mitigate the impact on your business.

Should you have any questions or queries please contact your NPDL representative.

We are grateful for your continued support,

NPDL
