

Reminder: Origin Terminal Handling Charge – New Zealand cargo

1st December 2020

Dear Valued Customers,

Further to our notice on the 05th October regarding the implementation of an Original Terminal Handling Charge (OTHC) on all New Zealand exports from 01st January 2021 we would like to provide and update on the rollout of these changes.

The introduction of the OTHC on the New Zealand export trades will require an adjustment of ocean freight rates from New Zealand so that the overall impact on a shipment booked on our services is cost neutral.

The OTHC will be levied on New Zealand Exports across all trades from the 01st January 2021 as follows:

20'dry exports	NZD 250 per 20'
40'dry exports	NZD 350 per 40'
20'reefer exports	NZD 300 per 20'
40'reefer exports	NZD 400 per 40'
Break bulk exports	NZD 15 per revenue tonne

We will be using todays NZD/USD exchange rate of 0.7027 to make the adjustment to your ocean freight rates. Your account representative will be in touch to advise on your revised rates applicable from 01st January, subject to OTHC.

The THC on import cargo from the Pacific Islands into New Zealand will also be aligned at the same level as the OTHC mentioned above, also from 01st January 2021.

Thank you for your continued support.

Yours sincerely,

Pacific Direct Line
