

23 December 2015

DELAY TO DEPARTURE OF TIARE MOANA V45 FROM AUCKLAND

Unfortunately the Tiare Moana V45 has not yet departed from Auckland. The repair required a part to be manufactured which has caused a further delay.

The repairs are planned to be completed tonight. The containers that were discharged to gain access to the repair site will be reloaded first thing tomorrow and she will then sail. The revised arrival dates are as follows –

Rarotonga	31 December (AM)
Aitutaki	3-5 January
Vava'u	9 January

We will send a further update tomorrow morning – we hope confirming that she has sailed and is proceeding to Rarotonga at maximum speed.

Once again, we do apologise for the inconvenience caused. We are very aware of the holiday weekends and the additional delays this may cause.
