**Re: Australia to and from Pacific Islands Rate Adjustment**

Dear Valued Customers,

The global shipping industry continues to experience unprecedented challenges, amplified by the difficulties caused by the COVID-19 pandemic.

As a result, NPDL have incurred several increased costs to operate our business including a dramatic increase in ship prices, increases to charter rates and container costs due to global shortages. Port congestion continues to impact capacity and scheduling and our pursuit to maintain the health and safety of our crew members comes at a high yet necessary cost.

Despite our continuing best efforts to minimize this impact on your business, we have made the difficult decision to increase our ocean rates to remain competitive and to sustain the scope and frequency of our services that you expect from NPDL.

Effective for cargo loaded onboard vessels on or after 1<sup>st</sup> October 2021, freight rates will be adjusted at the levels below:

Trade	Rate Increase
<b>Australia to and from</b> : New Caledonia, Vanuatu, Fiji, Samoa, American Samoa, Tonga, Tahiti, Cook Islands, Kiribati, Marshall islands, Federated States of Micronesia	USD 300 /20'
	USD 600 /40'
	USD 22 / RVT

Note: Australia to Norfolk Islands will be separately covered.

NPDL appreciate your continued understanding as we balance these difficult times with our steadfast commitment to providing you with regular, reliable, and affordable shipping services across the Pacific.

Please do not hesitate to contact your local NPDL sales or customer service representative for any points of clarity.

Yours sincerely

NPDL
