

Vessel delays - South Pacific

02nd March 2021

Dear Valued Customer,

Please find below updates on vessel delays in the region.

Southern Tiare V33 has been delayed through her dry dock due to level 3 covid lockdown in Auckland. We expect her now to be starting cargo operations in Auckland on the 10th March.

Capitaine Dampier V179 is required to make an unscheduled hull clean and is also delayed through Mount Maunganui due to congestion. She is expected to commence cargo operations in Auckland on the 05th March.

Southern Trader V488 is currently awaiting a berth in Nuku'alofa port which has also congestions and we expect her back in Auckland late on the 09th for cargo operations.

Capitaine Tasman V45 is currently delayed in Lautoka due to very poor weather and we expect her to be back in Tauranga late on the 06th to commence V46.

We are also keeping a close eye on Tropical Cyclone Niran which has formed east of the Northern Territory in Australia and has a projected trajectory just south of New Caledonia.

These delays will be reflected in this week's schedules.

Thank you for your continued support.

Yours sincerely,

NPDL
